## Savannah Market.

SAVANNAH, November 18.—Corron.—The market during the past week has been fairly active. The minimum of the decline was reached on Monday leaf, from which time prices advanced to the figures at which we quote to-day. Buyers took advantage of the low prices and went in generally, taking all lots which were offered at the ruling prices, consequently the business of the week has been very good.

The tone of the market to-day was firm, and it being generally observed as a holiday, no business was transacted beyond the filling of a few orders on freight engagements.

The present condition of the supply visible gives holiders confidence that prices will be maintained during the renainder of the season, and the offering stock at this market being light, buyers must expect to pay full prices if they place their orders here.

The receipts for the past week have been heavy, as will be seen by our weekly exhibit.

We renew our quotations of yesterday, which give

ings on Savannah river, 1949 bales upland and 296 bales sea island per A. and G. R. R., 6 bales of upland by wagon, 337 bales sea island by Florida steamers, 16 bales from Beaufort, 17 bales from the Ogeechee, and 61 bales from Charleston. The exports for the same time have been 374 bales upland and 117 bales sea island, of which 1,444 bales upland were shipped to Liverpool, 334 bales to Havre, 342 bales to Baltimore, 863 bales to Philadelphia, 5191 bales upland and 104 bales sea island to Charleston.

Charleston.

Parionrs.—In freights, owing to the large arrivals, both foreign and coastwise, prices have ruled dull during the past week, without, however, any material change in quotations. Vessels are rapidly placed on foreign berths on arrival, but for coastwise there is little offering excepting by steam to Northern ports, which has and continues to be active. We quote to Liverpool, by steam, cotton, 3d per lb.; do, by sail, 34.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every conarry and among all classes, as this tail to but continued to the control of the co

Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, howels, liver, and other organs of the stomach, howels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:

For Dwylersta or Indigention, Listlessness, Languou and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billoc's Headache, Sick Headache, Jannice or Green Sickness, Billous Colle and Billoc's Feyers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrica, but one middies is generally required.

For Refematish, Gout, Gravel, Palpitathon of the Heart, Pain is the Side, Back and Lunes, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Drofyy and Drofsical Swellings, they

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Superession a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
